Designing Japan : a future built on aesthetics / Kenya Hara
Japan: Japan Publishing Industry Foundation for Culture, 2018
In Japanese and English
193p ; 20cm.
9784866580159

1. Industrial design -- Japan.
2. Aesthetics, Japanese.
3. Industrial design.

\$ 60.00

'Designing Japan: A Future Built on Aesthetics' presents renowned designer Kenya Hara's vision of how his industry can support Japan in crafting a future founded on a unique philosophy of beauty as well as crowd-sourced wisdom from around the world. The book spans history from the beginnings of professional Japanese design in the sixteenth century to the impact of the 2011 Tohoku earthquake, but Hara's focus is the future. A master collaborator, meticulous organizer, and globally conscious innovator, he draws on more than three decades of participation in design work and exhibition curating, as well as deep professional interaction with creators from many fields. 'Designing Japan' serves as a foundation course on the essence of Japanese aesthetics while maintaining a practical approach to Japan's circumstances and future possibilities. Hara reveals the methods by which designers in Japan continue to work in tandem with government and industry to form publicly accessible aesthetic inquiries into how this island nation will proceed as its population ages, other nations take over manufacturing, and technology develops. Illustrations and examples recognize successful problem solving through design, proving that it is a living, changing industry that remains relevant not in spite of, but as a partner to, advancing technology

Biography and Memoirs

Landscape gardener Ogawa Jihei and his times : a profile of modern Japan / Suzuki Hiroyuki

Japan: Japan Publishing Industry Foundation for Culture, 2018

In Japanese and English

271p ; 22cm.

9784866580197

1. Ogawa, Jihē, -- 1860-1933.
2. Gardens -- Japan -- History -- 19th century.
3. Gardens -- Japan -- History -- 20th century.

\$ 54.00

Securing the generous support of the politicians and industrialists who propelled Japan's modernization, Ogawa Jihei VII created many outstanding gardens at the end of the nineteenth and the first few decades of the twentieth century. Expressing a Japanese aesthetic even while incorporating modern techniques, his methodology reveals the nature

of modernization as Japan experienced it. With a keen eye for architecture, the author takes a long-awaited look at modernization and the modern garden

Cinema Studies

Mixing work with pleasure: my life at Studio Ghibli / Toshio Suzuki
Japan: Japan Publishing Industry Foundation for Culture, 2018
In Japanese and English
235p ; 23cm.
9784866580227

- Miyazaki, Hayao, -- 1941- -- Miyazaki, Hayao(1941-)
- Takahata, Isao,, -- 1935-2018 -- Takahata, Isao(1935-2018)
- Tokuma, Yasuyoshi,, -- 1921-2000 -- Tokuma, Yasuyoshi(1921-2000)

\$ 50.00

Toshio Suzuki has devoted himself to Studio Ghibli for some thirty years, producing such world-renowned animated classics as Princess Mononoke and Spirited Away. Early in his career he met the two genius directors Hayao Miyazaki and Isao Takahata and gained their confidence. Working with these two inimitable directors, he experienced the joys and sorrows of filmmaking, and he continues today to guide the studio. Based on his innate inquisitive nature and the accumulated resources of thirty years, Suzuki has recounted in this book the story not only of Miyazaki and Takahata but also the other figures working at Studio Ghibli or in connection with it. It is a fascinating tale, told with penetrating insight and heartwarming humor.

Edo Japan encounters the world: conversations between Donald Keene and Shiba Ryōtarō /
Donald Keene, Shiba Ryōtarō

Japan: Japan Publishing Industry Foundation for Culture, 2018

137p ; 22cm

9784866580180

- Keene, Donald -- Interviews.
- Shiba, Ryōtarō, -- 1923-1996 -- Interviews.
- Keene, Donald.

\$52.00

Edo Japan encounters the world' continues the conversation, begun nearly twenty years earlier in 'The people and culture of Japan,' between scholar of Japanese literature Donald Keene and historical novelist Shiba Ryotaro. In discussions that took place inn Osaka and Kyoto from 1989 to 1990, these two penetrating and original observers of Japanese culture turn their attention to the long peace of the Edo period (1603-1868), when Japan developed in relative isolation from outside influence. From analysis of literary masters like Basho and Chikamatsu to critiques of the repressive aspects of Edo life, their exchanges bring much insight to this often romanticized period of Japanese history

- Mutsu, Munemitsu, -- 1844-1897
- Diplomats -- Japan -- Biography.
- Japan -- Foreign relations -- 1868-1912.

\$ 60.00

Toward the end of the Tokugawa shogunate, Mutsu Munemitsu was ousted from his home Kishū-han as a result of his father's defeat in a power struggle. To avenge this, Mutsu bolstered his talent to become a man of "genius and learning in equal measure." He joined the Kobe Naval Training Center founded by Katsu Kaishū and, later, Kaientai, a trading and shipping company and private navy founded and managed by Sakamoto Ryōma before the Meiji Restoration was accomplished. During the Meiji era, Mutsu fully exercised his extraordinary ability, including working to revise unequal treaties with Western powers as foreign minister. In his last days, he scrambled to end the First Sino-Japanese War; his efforts resulted in the signing of the Treaty of Shimonoseki with favorable terms for Japan. Mutsu also helped Japan ride out the subsequent wave of the Tripartite Intervention from Russia, France, and Germany. This book's author, a career diplomat himself, traces the footsteps of modern Japan's diplomacy by reviewing the philosophical and political journey of this extraordinary diplomat who protected the dignity of Japan as a modern nation throughout his professional life

Wasan : the fascination of traditional Japanese mathematics / Sakurai Susumu
Japan: Japan Publishing Industry Foundation for Culture, 2018
178p ; 20cm
9784866580173
\$ 52.00

Wasan - a unique form of Japanese mathematics - was developed during the Edo period (1603-1868), a time when the entire country was isolated from the rest of the world. Mathematics was enjoyed as a form of entertainment by adults and children alike and by people of all social classes. Jinkōki, an extraordinary mathematics textbook, was used at private elementary schools called terakoya and became a bestseller that could be found in every household. Furthermore, world-class works were produced by Japanese mathematicians such as Seki Takakazu and Takebe Katahiro. This book explores the beauty

and fascination surrounding wasan by providing a guided tour that goes back in time over three hundred years and navigates through the mysterious and incredible world of mathematical wizardry found during the Edo period in Japan

Words to live by: Japanese classics for our time / Nakano Kōji

Japan: Japan Publishing Industry Foundation for Culture, 2018

In Japanese and English

235p ; 22cm.

9784866580241

1. Ryōkan, -- 1758-1831.
2. Yoshida, Kenkō, -- 1282?-1350.
3. Kamo, Chōmei, -- 1153?-1216.

\$ 54.00

Nakano Koji opens the door to the treasury of Japanese classics by introducing six writers who are his personal favorites. The writers under his lens span seven centuries, ranging from the twelfth century to the nineteenth. Three are poets; three wrote timeless prose. The hermit-monk Ryokan, a poet who loved nothing more than bouncing balls with neighborhood children or just sitting sprawled in his hut listening to the sound of rain, teaches the value of living with a spirit of play. Kenko offers trenchant comments on the aesthetics of life, grounded in an appreciation of the immediacy of death. Kamo no Chomei, a journalist par excellence, found happiness late in life by flouting convention and "rejoicing in the absence of grief." Dogen, the founder of Soto Zen in Japan, takes us on a mind-bending trip to the Dharma--ultimate truth--that involves revolutionary ways of conceiving of time, life, and death. Saigyō, the beloved itinerant monk-poet, continually explores his own wayward heart and its vast, incorrigible love of beauty. Buson the haiku poet uses his painter's eye to capture cosmic vistas as well as moments of poignancy in poems of seventeen syllables

Politics

Japan in Asia : Post-Cold-War diplomacy / Tanaka Akihiko 著

Japan: Japan Publishing Industry Foundation for Culture, 2017

440p ; 24cm

9784916055637

\$ 89.00

Official development assistance (ODA), direct investment in Southeast Asia, participation in the Cambodian peace process, peacekeeping operations (PKO), the founding of APEC and other large-scale regional frameworks, the response to the Asian economic crisis, grappling with the "history" problem, trilateral summits: these have all been important milestones for postwar Japan--and especially for post-Cold-War Japan--in its efforts to rediscover Asia and Japan's place in it. Tanaka Akihiko traces the role of diplomacy in redefining the role of Japan in Asia from the 1977 Fukuda Doctrine of "heart-to-heart contact" between Japan and its Southeast Asian neighbors to the Abe administration's negotiations to settle the comfort woman issue with South Korea at the end of 2015. But he also looks at the transformation that Asia itself underwent during that period. The Cold War in Asia was not a simple bipolar confrontation between the United States and the Soviet Union and their allies. The situation there was complicated by the presence of China, the importance of nationalism for countries that had once been colonies, and the need to escape third-world status and

become economically developed. Asia during the Cold War, especially East Asia, was a divided region; few countries had normal international relations with China. But in the late 20th century, Asia underwent three structural changes--the end of the Cold War, globalization, and democratization. The result has been dynamic growth in tandem with deepening economic interdependence and the development of a complex web of regional institutions among Asian countries. What has been Japan's role in this increasingly interconnected Asia? What has Japan achieved--or failed to achieve--in Asia? This book is a history of post-Cold-War international politics, the themes of which are crises, responses to crises, and institution-building to prevent crises before they happen, aimed to provide an overview of political trends in Asia and Japan's diplomatic response to them
