*Gold Jewellery of the Indonesian Archipelago* features more than 700 unpublished masterpieces from the tribal, ethnic and courtly gold body ornament traditions of Indonesia's outer islands – Sumatra, Sulawesi, the Lesser Sundas and Southeast Maluku. Made available by the Mandala Foundation in Singapore, these pieces date from the 4th to the 20th century, and many are completely unknown, extremely rare and of high quality. Authors Anne Richter and Bruce W. Carpenter, aided by Mandala Foundation curator Achim Sibeth and David A. Henkel, weave together the latest research with historical photos, illustrations and their knowledge of the region to produce a groundbreaking new book that thrusts the virtuoso gold work of Indonesia into the international spotlight.

ISBN-13: 9789793780887

Greetings From Jakarta: Postcards of a Capital 1900-1950 is the most comprehensive visual record of Jakarta ever published covering the first half of the twentieth century which was also the last half century of colonial rule. Four hundred and sixty postcards from the author's own collection are brought together here to reveal a city that has largely vanished and is barely recognizable even to most life-long residents. Three hundred and sixty-two of the postcards have individually researched captions and are linked to period maps which enable the reader to identify the precise location of the each image.
