Since angklung from Indonesia has become one of the representative lists of the intangible culture heritage, the development of angklung becomes extraordinary, ranging from small events to theatrical events involving thousands of people. However, behind the performances that have been held, there are still other important things that have not been explored, one of which is about information about angklung itself. There are not many writing about angklung yet, especially related to the question, why UNESCO granted angklung as one of the world's non-material world heritages?

This book entitled: 'Angklung, the Journey of Symphony' might be able to answer that question. This book contains information about bamboo angklung in Indonesia, especially angklung from Sunda. Starting from the historical information and angklung function in the community, to angklung development, the presence of this book will be very useful because due to its important information value.

Book Details:

Known as one of the largest producers of coffee in the world, Indonesia owns distinct characteristics in comparison to other countries. Indonesia's geographic and topographic location has created various profiles of coffee plants from Sabang to Merauke. The richness of coffee specialties has led Indonesia to be frequently called 'World Coffee Paradise'. A number of exotic Indonesian coffees such as Aceh Gayo, Toraja, Bali Kintamani and Papua Wamena have become world's leading commodities. Moreover, the popularity of Luwak coffee, which is beneficial for health, indicates the country as one of the world's coffee hubs.

Through this book, the readers are invited to explore the fascinating world of

Indonesian coffee, starting from the early history of coffee, which was originally brought by the Dutch, Adrian Van Ommen from Malabar, India in 1696. He brought Arabica coffee to Indonesia at that time. Furthermore, this book will also provide us knowledge regarding the types of coffee as well as the production, packaging, and the storage process.

Jakarta. The capital city of the Republic of Indonesia, a huge, sprawling metropolis, home to over 10 million people with diverse ethnic group backgrounds from all over the green archipelago. Located on the northwest of Java Island, the city has rapidly expanded through the years - drive down a wide avenue decorated with skyscrapers one minute, and you'll suddenly find yourself squeezed into a small street with food carts and motorbikes. Ride a bike around the Old Town, then enjoy a fine-dining experience in the SCBD the next hour. With its many faces, Jakarta is a dynamic city with extensive history, containing hundreds of moments. Just like a flower in full bloom, each petal tells a beautiful story - all you have to do is seek, and Jakarta will open itself to you. Welcome home.
