On Late Yasmin Ahmad

This is a compilation of Yasmin’s apparent ridiculousness but which are actually gems of her wisdom and wit. Contributed by those close to her, you may notice some are written in present tense – because to them, she’s still very much alive – just not in a physical sense.

In June 2011, 30 activists from Parti Socialis Malaysia (PSM), including two juveniles, were arrested and accused of waging war against the King (Section 122 of the Penal Code) and trying to revive communist ideology. Six of them were later released and rearrested under the Emergency Ordinance and detained for a month. EO6: People Power vs The State is a collection of articles written during and after the FREE EO6 campaign.

The 'Islamic Banking & Finance: Principles, Instruments and Operations' emerges amidst the rapid development of the industry. It is a comprehensive guide as it discusses the tenets of Islamic banking and finance in a single book. At present, the concept of ethical banking and finance has become the centre of attention. Many are now critical about the foundation of Islamic banking and finance products and facilities. This is partly due to the fact that disputes have been brought forth before the courts for resolution, and have inevitably opened up thoughts of how 'Islamic' are the products. Carefully divided into parts, it embraces almost all aspects of Islamic banking and finance.
