[In Tales of Two cities, two eminent journalists- Kuldip Nayar and Asif Noorani- give their personal accounts of the partition of India, the killings and massive migrations which it provoked and their subsequent impact on Indo-Pakistan relations. As a young law graduate, Kuldip Nayar witnessed at first hand the collapse of trust between communities in Sialkot and was forced to migrate with his family to Delhi across the blood-stained plains of Punjab. He vividly describes his own perilous journey and his first job as a young journalist in an Urdu newspaper reporting on Gandhi's assassination. Asif Noorani, while still a schoolboy in Bombay, set off with his family by steamer across the Arabian Sea for the promised land of Pakistan, ultimately settling in Karachi. He gives his own compelling account of the difficulties faced by the new arrivals and the slow emergence of today's megacity with its dominant Mohajir culture.]

One of the main features of the present work is reliance on the actual surviving specimens of the related documents such as royal decrees, treatise, official orders, judicial reports, etc. These documents have been languishing in the labyrinth of the fact that their study requires a strong will and a full command of the Persian language. His adventurous travels in the pursuit of opening relations between the French and the locals has taken him to many corners of Bengal, Assam, Tibet etc and what remained largely unknown was the fact that he had recorded his experiences in the form of a journal and memoir. [This volume presents a collection of display prints that were omnipresent during India's struggle for independence, and have fundamentally revolutionized our understanding of the role of visual narrative. Serving as a visual tour d'horizon to various facets of the Indian freedom movement, it allows readers space to interpret this tumultuous historical experience of the twentieth century. It also helps us explore, on the 60th anniversary of India's freedom struggle, new facets of the movement that may have gone unnoticed until now.]
