Digital Atlas of Indonesian History / Robert Cribb
Copenhagen : NIAS Press, 2010
9788791114663
70p. With DVD
\$ 34.90

Digital reinvention of Robert Cribb's landmark Historical Atlas of Indonesia including about 150 new maps.

- Fully interactive exploration of Indonesian history in maps and text using a normal web

browser.

- Available both on DVD and online.
- Almost 500 maps output as JPEG images suitable for use in classroom teaching (e.g. using Powerpoint) plus high-resolution files suitable for royalty-free reproduction by scholars in their own publications.
- Much more extra material including links to historical maps of Indonesia located on external sites.

This interactive, electronic work is the follow-up to the author's landmark Historical Atlas of Indonesia that so many have been looking for in the past decade. The Digital Atlas builds on its predecessor by adding many more maps and extra text, packaging these for teaching and individual use, and delivering them on DVD and online together with much additional material.

Based on traditional research and scholarship, and available both digitally and online, its nearly 500 specially drawn full-colour maps are augmented with a detailed companion text. The result is an astounding, pioneering work that brings fresh life to the fascinating and tangled history of Indonesia's immense archipelago. An essential resource for scholars and teachers of Indonesian history.
