In this entertaining and often touching memoir, well-known plastic surgeon Woffles Wu lifts the lid on his early childhood, his growing-up years in London and his life as a young doctor in Singapore. He also writes about his role models in life, going on a remarkable "US tour" to talk about plastic surgery, what it is like being famous, and much, much more. Filled with short standalone pieces covering the different stages of his life, each page of this book takes you deeper into his mind as well as into the past.
